This year has once again been a very busy time for our disability clubs Spot The Jack, and the Visually Impaired club Touch Wood, at Bradley.

Once a month our Visually Impaired Club play a friendly game of crown green bowls with other bowling clubs and attend events, one of our visits included a visit to Macclesfield Visually Impaired Club that was also attended by Chester Visually Impaired Bowling Club a wet day but everyone had a great day out. We also hold a Barbecue each Summer with a game against our vet's team that is well attended.

This year we are concentrating on letting people know that we have a facility at Bradley that caters for all disabilities as well as the general public. Recently we have produced a folding leaflet with all the contact information times and photo's these are being out handed out at events, bowling clubs, leisure community's and various other places. We advertised our facility at the Bradley Carnival last season but this year we intend to have our own stall.

In September we attended the Well - Being event In Ty Pawb Wrexham taking it in turn during the day to run our stall.

The club has purchased a gazebo and we are in the process of ordering some drop down advertising boards with photo's and contact information. Unfortunately we have lost quite a few members in our visually Impaired club this last couple of seasons and we need to get our message out there by improving our advertising so that we can make contact with people.

Our Spot the Jack Disability Club is going well and is also attended by members of a stroke Club from Buckley

We are now recognised as an official Disability Sports club and are included on the Wrexham Council website and Disability Sports Wales web site. If anyone is in need of any help in starting up a disabled Bowling Club and would like some information please get in touch with me and arrange a visit to Bradley.

**Kind Regards
Ray.**
